

PCCAN

HELPS COUNTY CHILD ADVOCACY NETWORK

Preventing Underage
Drinking Takes a
Lot of Tools!

TOOL #4

**CREATE
SAFE AND
ALCOHOL FREE
ACTIVITIES
IN YOUR HOME**

In addition to talking often with your child about alcohol, provide a safe place in your home for your kids and their friends to gather.

- Encourage your teen to be a leader. Allow them to encourage others to come to your home for fun in a safe, alcohol-free environment.
- Old fashioned games with current twists like Charades and Karaoke can provide lots of fun and laughter.
- Paint and Props. Provide a pallet and paints. This can encourage and expand your child's creative imagination.
- Gatherings with chips, dip, and soft drinks are always popular with teens.
- Host a video game tournament with fun prizes for all.

The Parent Toolbox Project is a cooperative effort between PCCAN and the St. James and Rolla School Districts.

For additional information about how to talk to your child about underage drinking go to **"Talk, They Hear You,"** at [samhsa.gov/underage-drinking](https://www.samhsa.gov/underage-drinking)

**This Project Made Possible Through Funding
Provided By ACT MISSOURI**
